Are you missing out on everything you're entitled to as a carer?

Dear

Moore Street Surgery keeps a register of patients who look after someone who can't get by on their own because of old age, frailty, illness, disability, mental ill health, alcohol problems or substance misuse. People who care for someone in these circumstances, without pay, are considered to be 'carers'.

According to our records, we think you may be such a carer. As your GP practice, we're keen to make sure that you're aware of the benefits and services available to people who carry out this important role, and we want to ask if you're currently registered as a carer with **Moore Street Surgery?**

As many carers are unaware of what they're entitled to in the way of help and support, we strongly recommend that you complete the form overleaf and return it to our practice as soon as possible.

Yours sincerely,

Helen Shillcock
Practice Manager

PS. If you are no longer a carer, please can you complete the form and tick the box as indicated and we will remove your name from our register of carers?
Thank you.

Please turn over and complete the short form overleaf.
